

TSE Challenge to be Great Scholarship -

Funded by Cliffs Keowee Falls Residents Outreach, the Tamassee Salem Elementary (TSE) scholarship eligibility begins with the high school graduating class of 2029. The key component of this program is the interaction resulting from the TSE Challenge to be Great Committee which will meet with students at the completion of each semester to discuss attendance, academic growth, the growth of the scholarship fund and the importance of education. These interactions are key for many students who may not otherwise be challenged to believe that they can, and should, plan to graduate and pursue college or job-readiness certification.
